

Waste Sorting List (Alphabetical Order)

* Remove batteries from items before disposal.

Item		Category	Remarks	
	1.8-liter bottles	Non-burnable waste	(Glass bottles and ceramics)	
	18-liter cans	Oversized waste	Use up the contents before disposal.	
A	Accordion curtains	Oversized waste		
	Adapters (for power supply)	Burnable waste		
	Advertisements, flyers	Recyclable waste	(Magazines, mixed paper) Tie with string.	
	Air conditioners	Items not accepted	Items covered by the Home Appliance Recycling Law * Ask the retailer to take it back.	
	Air conditioning equipment (air conditioners)	Items not accepted	Items covered by the Home Appliance Recycling Law * Ask the retailer to take it back.	
	Air coolers (using fluorocarbons)	Items not accepted	* Ask the retailer or manufacturer to take it back.	
	Air cushions (packing material)	Burnable waste		
	Air pumps	Oversized waste	Plastic items that fit in the designated bag are burnable waste.	
	Air purifiers	Oversized waste	Models with a dehumidifying function using fluorocarbons are not accepted.	
	Aluminum cans (for food and beverages)	Non-burnable waste	(Cans)	
	Aluminum foil (kitchen use)	Burnable waste		
	Aluminum foil paper	Burnable waste		
	Aluminum trays	Oversized waste	Small items are non-burnable waste (cans).	
	Aluminum window frames	Oversized waste		
	Amplifiers	Oversized waste		
	Animal carcasses (found on private property, etc.)	Items not accepted	* The landowner or property manager is responsible for disposal. Items that fit in the designated bag may be brought in and disposed of as burnable waste if the contents are not visible.	
	Animal carcasses (found on public roads, etc.)	Items not accepted	* Contact the road administrator (town office).	
	Animal carcasses (pet)	Items not accepted	Items that fit in the designated bag may be brought in and disposed of as burnable waste if the contents are not visible.	
	Antennas	Oversized waste		
	Aquariums	(Glass)	Oversized waste	
		(Plastic)	Large burnable waste	Items that fit in the designated bag are burnable waste.
	Artificial flowers	Burnable waste		

* Remove batteries from items before disposal.

Item		Category	Remarks	
A	Artificial turf	Large burnable waste	Cut or fold to about 1 m × 1 m and tie with string. Items that fit in the designated bag are burnable waste.	
	Ash	Burnable waste	Moisten thoroughly before disposal.	
	Ashtrays	(Ceramics, glass)	Non-burnable waste	(Glass bottles and ceramics)
		(Metal)	Non-burnable waste	(Cans) Large items are oversized waste.
	Astronomical telescopes	Oversized waste		
	Audio racks	Oversized waste		
	Automobiles	Items not accepted	* Ask the retailer to take it back.	
B	Baby baths (plastic)	Oversized waste		
	Baby bottles	(Glass)	Non-burnable waste	(Glass bottles and ceramics)
		(Plastic)	Burnable waste	
	Baby chairs	Oversized waste		
	Baby cribs	Oversized waste		
	Baby futons	Large burnable waste	Tie with string. Items that fit in the designated bag are burnable waste.	
	Baby strollers	Oversized waste		
	Bags	Burnable waste	Items that do not fit in the designated bag are large burnable waste.	
	Baking trays (cooking)	(Metal)	Oversized waste	Small items are non-burnable waste (cans).
		(Plastic)	Large burnable waste	Items that fit in the designated bag are burnable waste.
	Ballpoint pens	Burnable waste		
	Balls (e.g., baseball, soccer, tennis)	Burnable waste		
	Bamboo blinds (<i>sudare</i>)	Large burnable waste	Roll up and tie. Max. width: 1 m.	
	Bamboos	Large burnable waste	Tie with string. Max. 5 cm diameter, 1 m length. Items that fit in the designated bag are burnable waste.	
	Barbecue grills	Oversized waste		
	Barbells (bars, weights)	Oversized waste		
	Barrels (home medical use)	Burnable waste	Empty the contents before disposal.	
	Baseball bats	Oversized waste		
	Bath mats	Burnable waste		

* Remove batteries from items before disposal.

Item		Category	Remarks	
B	Bathroom vanities	Items not accepted	* Ask the contractor to take it back.	
	Bathtub boilers	Items not accepted	* Ask the contractor to take it back.	
	Bathtub lids (plastic)	Large burnable waste		
	Bathtubs	Items not accepted	* Ask the contractor to take it back.	
	Batteries	Hazardous waste		
	Batteries (for ride-on items)	Items not accepted	* Ask the retailer to take it back.	
	Beach parasols	Oversized waste		
	Bed mattresses	Large burnable waste	Tie with string.	
	Bed mattresses (with springs)	Oversized waste		
	Bed sheets	Burnable waste		
	Beds	Oversized waste		
	Beer bottles	Non-burnable waste	(Glass bottles and ceramics) * If possible, ask the retailer to take it back.	
	Beer crates	Large burnable waste	* If possible, ask the retailer to take it back.	
	Belts	Burnable waste		
	Bicycles (including electric)	Oversized waste	Small rechargeable batteries for electric bicycles are hazardous waste.	
	Binoculars	Oversized waste	Small items are burnable waste.	
	Birdcages	(Metal)	Oversized waste	
		(Wood, plastic)	Large burnable waste	Items that fit in the designated bag are burnable waste.
	Bladed items	Non-burnable waste	(Bladed items) Wrap the blades in paper or cloth to prevent injury.	
	Blades for brush cutters	Non-burnable waste	(Bladed items) Wrap in paper or cloth to prevent injury.	
	Blankets	Large burnable waste	Fold to about 1 m × 1 m and tie with string. Items that fit in the designated bag are burnable waste.	
	Blenders	Oversized waste		
	Blocks (concrete)	Inquiries required.	Up to 20 kg. Must be brought in after prior contact.	
	Blood pressure monitors	Oversized waste	Items that fit in the designated bag are burnable waste. Mercury thermometers are hazardous waste.	
Blue tarps	Burnable waste	Items that do not fit in the designated bag are large burnable waste. Cut or fold to about 1 m × 1 m and tie with string.		
Boa sheets (fleece sheets)	Large burnable waste	Fold to about 1 m × 1 m and tie with string. Items that fit in the designated bag are burnable waste.		

* Remove batteries from items before disposal.

Item		Category	Remarks	
B	Boards	(Metal)	Oversized waste	
		(Wood, plastic)	Large burnable waste	
	Boats (excluding inflatable boats)		Items not accepted	* Ask the retailer to take it back.
	Body fat scales		Oversized waste	
	Book stands	(Metal)	Non-burnable waste	(Cans)
		(Plastic)	Burnable waste	
	Bookends	(Metal)	Non-burnable waste	(Cans)
		(Plastic)	Burnable waste	
	Books		Recyclable waste	(Magazines, mixed paper) Tie with string.
	Bookshelves		Oversized waste	
	Boots		Burnable waste	
	Bottle openers		Burnable waste	
	Bottles (for beverages, food, cosmetics, etc.)		Non-burnable waste	(Glass bottles and ceramics)
	Bowls (for cooking)	(Glass)	Non-burnable waste	(Glass bottles and ceramics)
		(Metal)	Non-burnable waste	(Cans)
		(Plastic)	Burnable waste	
	Bread machines		Oversized waste	
	Bricks		Inquiries required.	Up to 20 kg. Must be brought in after prior contact.
	Brochures		Recyclable waste	(Magazines, mixed paper) Tie with string.
	Brooms		Oversized waste	Items that fit in the designated bag are burnable waste.
	Brush cutters (without blade)		Oversized waste	Remove the fuel before disposal. Small rechargeable batteries are hazardous waste.
	Brushes		Burnable waste	
	Buckets	(Metal)	Oversized waste	
(Plastic)		Large burnable waste	Items that fit in the designated bag are burnable waste.	
Buddhist altars		Items not accepted	* Ask the retailer to take it back.	
Button batteries		Hazardous waste		

* Remove batteries from items before disposal.

Item		Category	Remarks	
C	Cabinets	Oversized waste		
	Cables	Burnable waste	Cut long items to 50 cm or less. If cutting is difficult, tie them to reduce bulk.	
	Calculators	Burnable waste		
	Camera cases	Burnable waste	Metal items are oversized waste.	
	Cameras, camera lenses	Oversized waste	Small items are burnable waste.	
	Can openers	Burnable waste	Wrap in paper or cloth to prevent injury.	
	Candles	Burnable waste		
	Canes	Oversized waste		
	Cans	(Large cans such as 18-liter cans)	Oversized waste	
		(Small, up to 4 liters)	Non-burnable waste	(Cans)
	Caps, lids	(Metal)	Non-burnable waste	(Cans)
		(Plastic)	Burnable waste	
	Car navigation systems	Oversized waste		
	Car stereos	Oversized waste		
	Carbon paper	Burnable waste		
	Cardboard	Recyclable waste	(Cardboard) Remove tape and shipping labels. Cut or fold to about 1 m × 1 m and tie with string.	
	Carpet lint rollers (adhesive roller)	Oversized waste	Items that fit in the designated bag are burnable waste.	
	Carpet tiles	Burnable waste		
	Carpets	Large burnable waste	Cut or fold to about 1 m × 1 m and tie with string.	
	Carriers (car roof carriers)	Oversized waste		
	Cartridges	(Printer ink)	Burnable waste	
		(Water purifier)	Burnable waste	
	Cash cards	Burnable waste		
	Cassette decks	Oversized waste		
	Cassette gas canisters	Non-burnable waste	(Cans) Use up the gas and puncture the can before disposal.	
	Cassette tapes (including cases)	Burnable waste		

* Remove batteries from items before disposal.

Item		Category	Remarks	
C	Catalogs (brochures)	Recyclable waste	(Magazines, mixed paper) Tie with string.	
	Catheters, tubing (for home medical care)	Burnable waste	Drain the liquid before disposal.	
	CD players, CD radio-cassette players	Oversized waste	Batteries are hazardous waste.	
	CDs (including cases)	Burnable waste		
	Cement fragments	Inquiries required.	Up to 20 kg. Must be brought in after prior contact.	
	Ceramics	Non-burnable waste	(Glass bottles and ceramics)	
	Certificate tubes	Burnable waste		
	Chains	Oversized waste	Small items are burnable waste.	
	Chainsaws	Oversized waste	Remove the fuel before disposal. Small rechargeable batteries are hazardous waste.	
	Chairs	(Plastic)	Large burnable waste	Items that fit in the designated bag are burnable waste.
		(Wood, metal)	Oversized waste	
	<i>Chakkaman</i> (disposable lighters)	Non-burnable waste	(Cans) Use up the gas before disposal.	
	Chamber pots (plastic)	Large burnable waste	Items that fit in the designated bag are burnable waste.	
	Chandeliers	Oversized waste		
	Charcoal	Burnable waste		
	Charcoal braziers (<i>hibachi</i>)	Oversized waste		
	Charcoal grills (<i>shichirin</i>)	Oversized waste		
	Chemicals (non-household medicines)	Items not accepted	* Ask the retailer to take it back.	
	Chests of drawers	Oversized waste		
	Child safety seats	Oversized waste		
	Children's playground equipment	Oversized waste	If disassembled: wooden or plastic parts that fit in the designated bag and small metal parts are burnable waste.	
	Chopsticks	Burnable waste		
	Christmas trees (main units)	Oversized waste	Items that fit in the designated bag are burnable waste.	
	Clay (for crafts)	Burnable waste		
	Clinical thermometers	Burnable waste	Mercury thermometers are hazardous waste.	
	Clips	Burnable waste		

* Remove batteries from items before disposal.

Item		Category	Remarks	
C	Clocks	Burnable waste	Items that do not fit in the designated bag are oversized waste.	
	Clothes (clothing)	Burnable waste		
	Clothes dryers	Items not accepted	Items covered by the Home Appliance Recycling Law * Ask the retailer to take it back.	
	Clothes hangers	Burnable waste		
	Clothesline poles (metal)	Oversized waste		
	Clothesline stands	(Concrete bases)	Inquiries required.	Must be brought in after prior contact.
		(Plastic bases)	Large burnable waste	Integrated types are oversized waste.
		(Poles)	Oversized waste	
	Clothespins	Burnable waste		
	Clothing	Burnable waste		
	Cloths	Burnable waste		
	Cockroach traps	(Paper)	Burnable waste	
		(Plastic)	Burnable waste	
	Coffee makers	Oversized waste	Glass pots are non-burnable waste (glass bottles and ceramics).	
	Coffee mills	Oversized waste	Small items are burnable waste.	
	Combs	Burnable waste		
	Compacts (cosmetics)	Burnable waste		
	Compasses (stationery)	Burnable waste	Remove or retract the needle to prevent injury.	
	Compost containers	Oversized waste	Plastic items are large burnable waste.	
	Computer peripherals (e.g., keyboards, mice)	Burnable waste		
	Computer racks	Oversized waste		
	Concrete debris	Inquiries required.	Up to 20 kg. Must be brought in after prior contact.	
	Confectionery boxes (paper)	Burnable waste		
	Containers for prepared food (plastic)	Burnable waste		
	Convenience-store meal containers	Burnable waste		
	Cooking pots	Oversized waste		

* Remove batteries from items before disposal.

Item		Category	Remarks	
C	Cooking tables	Oversized waste		
	Cooler boxes (plastic)	Large burnable waste	Items that fit in the designated bag are burnable waste.	
	Coolers/warmers	Items not accepted	Items covered by the Home Appliance Recycling Law * Ask the retailer to take it back.	
	Cooling packs	Burnable waste		
	Copy paper	Recyclable waste	(Magazines, mixed paper) Tie with string.	
	Cord reels	Oversized waste		
	Cordless phones	Burnable waste	Small rechargeable batteries are hazardous waste.	
	Cords, cables	Burnable waste	Cut long items to 50 cm or less. If cutting is difficult, tie them to reduce bulk.	
	Corkscrews	Burnable waste	Wrap in paper or cloth to prevent injury.	
	Corrugated plastic roofing sheets	Oversized waste		
	Corrugated sheets (metal, plastic)	Oversized waste		
	Crayons	Burnable waste		
	Crutches	Oversized waste		
	Cube storage shelves	Oversized waste		
	Cups	(Glass)	Non-burnable waste	(Glass bottles and ceramics)
		(Metal, plastic)	Burnable waste	
	Curtain rails	Oversized waste		
	Curtains	Large burnable waste	Fold to about 1 m × 1 m and tie with string. Items that fit in the designated bag are burnable waste.	
	Cushioning materials (plastic, paper)	Burnable waste		
	Cushions	Burnable waste	Items that do not fit in the designated bag are large burnable waste.	
	Cushions (<i>zabuton</i>)	Large burnable waste	Tie with string. Items that fit in the designated bag are burnable waste.	
	Cutting boards	Burnable waste	Items that do not fit in the designated bag are large burnable waste.	
	Cycling machines (exercise bikes)	Oversized waste	Items that two adults can load (approx. 80 kg)	
D	Decorative light wire	Burnable waste	Cut long items to 50 cm or less. If cutting is difficult, tie them to reduce bulk.	
	Dehumidifiers (using fluorocarbons)	Items not accepted	* Ask the retailer or manufacturer to take it back.	
	De-icing agents (calcium chloride)	Items not accepted		

* Remove batteries from items before disposal.

Item		Category	Remarks	
D	Dentures	Burnable waste		
	Deodorizers (e.g., for refrigerators)	Burnable waste		
	Desiccant	Burnable waste		
	Desk lamps	Oversized waste		
	Desk mats (plastic)	Large burnable waste	Tie with string. Items that fit in the designated bag are burnable waste.	
	Desks	Oversized waste		
	Detergent	Burnable waste	Liquid types: soak into paper or cloth before disposal.	
	Detergent containers	Burnable waste		
	Dialysis bags (home medical use)	Burnable waste	Empty the contents and place in a plastic bag before disposal.	
	Dictionaries	Recyclable waste	(Magazines, mixed paper) Tie with string.	
	Digital cameras	Burnable waste	Small rechargeable batteries are hazardous waste.	
	Dish cabinets	Oversized waste		
	Dish dryers, dishwashers with dryer	Oversized waste		
	Displays (for computers)	Items not accepted	Items covered by the Act on Promotion of Effective Utilization of Resources * Ask the manufacturer or the PC3R Promotion Association to collect it.	
	Disposable diapers	Burnable waste	Place in a plastic bag before disposal.	
	Disposable hand warmers	Burnable waste		
	Disposable lighters (<i>Chakkaman</i>)	Non-burnable waste	(Cans) Use up the gas before disposal.	
	Document files	Burnable waste		
	Dog houses	(Plastic)	Large burnable waste	
		(Wood, metal)	Oversized waste	
	Doll cases	(Glass)	Oversized waste	
		(Plastic)	Large burnable waste	Items that fit in the designated bag are burnable waste.
	Dolls	Burnable waste		
	Doors	Oversized waste		
	Drawing paper	Recyclable waste	(Magazines, mixed paper) Tie with string.	
	Dressers (vanities)	Oversized waste		

* Remove batteries from items before disposal.

Item		Category	Remarks	
D	Dressing tables (dressers)	Oversized waste		
	Drum barrels	Items not accepted		
	Drum sets	Oversized waste		
	Dry cell batteries	Hazardous waste		
	Dryers (for clothes)	Items not accepted	Items covered by the Home Appliance Recycling Law * Ask the retailer to take it back.	
	Dryers (for dishes, for futons)	Oversized waste		
	Dumbbells (iron weights)	Oversized waste		
	Dustpans	(Metal)	Non-burnable waste	(Cans) Large items are oversized waste.
		(Plastic)	Burnable waste	Items that do not fit in the designated bag are large burnable waste.
	DVD players	Oversized waste		
DVDs (including cases)	Burnable waste			
E	Earrings	Burnable waste		
	Earthenware pots (<i>donabe</i>)	Non-burnable waste	(Glass bottles and ceramics)	
	Egg cartons	Burnable waste		
	Electone (electronic organs)	Oversized waste	Items that two adults can load (approx. 80 kg) * If possible, ask the retailer to take it back.	
	Electric blankets	Large burnable waste	Fold to about 1 m × 1 m and tie with string. Items that fit in the designated bag are burnable waste.	
	Electric carpets	Large burnable waste	Cut or fold to about 1 m × 1 m and tie with string.	
	Electric cords	Burnable waste	Cut long items to 50 cm or less. If cutting is difficult, tie them to reduce bulk.	
	Electric fans	Oversized waste		
	Electric kettles	Oversized waste		
	Electric kick scooters	Oversized waste	Small rechargeable batteries are hazardous waste.	
	Electric massagers	Burnable waste	Small rechargeable batteries are hazardous waste. If the battery cannot be removed, dispose of the entire device as hazardous waste.	
	Electric mobility scooters (senior scooters)	Items not accepted	* Ask the retailer to take it back.	
	Electric razors (shavers)	Burnable waste	Small rechargeable batteries are hazardous waste. If the battery cannot be removed, dispose of the entire device as hazardous waste.	
	Electric reclining sofas/beds	Oversized waste	Items that two adults can load (approx. 80 kg) If the mattress can be removed, dispose of the mattress as large burnable waste.	
	Electric toothbrushes	Burnable waste	Small rechargeable batteries are hazardous waste. If the battery cannot be removed, dispose of the entire device as hazardous waste.	

* Remove batteries from items before disposal.

Item		Category	Remarks	
E	Electric wheelchairs	Oversized waste	Small rechargeable batteries are hazardous waste. * If possible, ask the retailer to take it back.	
	Electric-assist bicycles	Oversized waste	Small rechargeable batteries are hazardous waste.	
	Electronic cigarettes	Hazardous waste		
	Electronic dictionaries (electronic organizers)	Burnable waste	Small rechargeable batteries are hazardous waste. If the battery cannot be removed, dispose of the entire device as hazardous waste.	
	Electronic game devices (handheld game consoles)	Burnable waste	Small rechargeable batteries are hazardous waste. If the battery cannot be removed, dispose of the entire device as hazardous waste.	
	Electronic organs, digital pianos	Oversized waste	Items that two adults can load (approx. 80 kg) * If possible, ask the retailer to take it back.	
	Encyclopedias	Recyclable waste	(Magazines, mixed paper) Tie with string.	
	Entrance mats (outdoor)	(Mud-removal mats)	Oversized waste	With metal parts
		(Rubber)	Large burnable waste	
Extension cords	Burnable waste	Cut long items to 50 cm or less. If cutting is difficult, tie them to reduce bulk.		
F	Facsimile machines (faxes)	Oversized waste	Small rechargeable batteries are hazardous waste.	
	Fan heaters	Oversized waste	Remove the kerosene before disposal.	
	Fan heaters	Oversized waste		
	Fences	Oversized waste		
	Fertilizer	Burnable waste	* Excluding agricultural-use products.	
	Fertilizer bags	Burnable waste	* Excluding agricultural-use products.	
	Files (metal)	Oversized waste		
	Film cases	Burnable waste		
	Film negatives	Burnable waste		
	Fire extinguishers	Items not accepted	* Ask a licensed service provider to take it back.	
	Fire starters	Burnable waste		
	Fire tongs	Oversized waste		
	Fireproof safes	Items not accepted	* Ask the retailer to take it back.	
	Fireworks	Burnable waste	Moisten thoroughly before disposal.	
	Fishing hooks	Burnable waste	Wrap in paper or cloth to prevent injury.	
	Fishing reels	Burnable waste		

* Remove batteries from items before disposal.

Item		Category	Remarks	
F	Fishing rods	Oversized waste		
	Flashlights	Burnable waste		
	Floor chairs (<i>zaisu</i>)	Oversized waste		
	Floor heating panels	Items not accepted	* Ask the contractor to take it back.	
	Floppy disks (including cases)	Burnable waste		
	Flour sifters	(Metal)	Non-burnable waste	(Cans) Large items are oversized waste.
		(Wood, plastic)	Burnable waste	Items that do not fit in the designated bag are large burnable waste.
	Flower pots	(Ceramics)	Non-burnable waste	(Glass bottles and ceramics)
		(Plastic)	Burnable waste	Items that do not fit in the designated bag are large burnable waste.
	Fluorescent tubes, fluorescent lamps (including LED)		Hazardous waste	Broken glass pieces are non-burnable waste (glass bottles and ceramics).
	Flyers (newspaper inserts)		Recyclable waste	(Newspapers, flyers) Tie together with newspapers using string. Bundled separately, dispose of as magazines and mixed paper.
	Food processors		Oversized waste	Manual types that fit in the designated bag are burnable waste.
	Food trays (for food packaging)		Burnable waste	
	Food waste processors		Oversized waste	Plastic items are large burnable waste.
	Foot warmers		Oversized waste	
	Footwear		Burnable waste	
	Forks		Burnable waste	Wrap metal items in paper or cloth to prevent injury.
	Fruit nets		Burnable waste	
	Frying pans		Oversized waste	
	Full-length mirrors		Oversized waste	
<i>Fusuma</i> sliding doors		Large burnable waste		
<i>Futon</i> beaters (wood, plastic)		Burnable waste		
<i>Futon</i> dryers		Oversized waste		
<i>Futons</i>		Large burnable waste	Tie with string.	
G	Galvanized sheets (metal, plastic)	Oversized waste		
	Garden trees	Large burnable waste	Tie with string. Max. 5 cm diameter, 1 m length. Items that fit in the designated bag are burnable waste.	

* Remove batteries from items before disposal.

Item		Category	Remarks	
G	Gas cylinders (except cassette gas canisters)	Items not accepted	* Ask the retailer to take it back.	
	Gas heaters	Oversized waste		
	Gas ovens	Oversized waste		
	Gas stoves (gas cooktops, gas ranges)	Oversized waste		
	Gasoline	Items not accepted	* Ask the retailer to take it back.	
	Gimlets (tools)	Burnable waste	Wrap in paper or cloth to prevent injury.	
	Glass doors, window glass	Oversized waste		
	Glass marbles	Burnable waste		
	Glass products (e.g., plates, cups, plates)	Non-burnable waste	(Glass bottles and ceramics)	
	Glass wool	Items not accepted	* Ask the retailer to take it back.	
	Glasses (eyeglasses)	Burnable waste		
	Glasses cases	Burnable waste		
	Globes	Oversized waste	Items that fit in the designated bag are burnable waste.	
	Gloves (e.g., baseball gloves)	Burnable waste		
	Glow starters (fluorescent lamp starters)	Burnable waste		
	Go boards	Oversized waste	Small items are burnable waste.	
	Go stones	Burnable waste		
	Goldfish bowls	(Glass)	Non-burnable waste	(Glass bottles and ceramics)
		(Plastic)	Burnable waste	
	Golf bags	Oversized waste		
	Golf balls	Burnable waste		
	Golf clubs	Oversized waste		
	Grass, weeds	Burnable waste		
	Graters	Burnable waste		
	Guitars	Oversized waste		
	Gypsum boards	Items not accepted	* Ask the contractor to take it back.	

* Remove batteries from items before disposal.

	Item	Category	Remarks
H	Hair clippers (electric)	Burnable waste	Small rechargeable batteries are hazardous waste. If the battery cannot be removed, dispose of the entire device as hazardous waste.
	Hair dryers	Oversized waste	
	Hairpins	Burnable waste	
	Hammers	Oversized waste	
	Hammers (metal)	Oversized waste	
	Hand fans (<i>uchiwa</i>)	Burnable waste	
	Hand fuel transfer pumps	Burnable waste	Electric models or items that do not fit in the designated bag are oversized waste.
	Hand mirrors	Burnable waste	
	Handbags	Burnable waste	
	Handcarts	Oversized waste	
	Handheld fans (electric fans)	Burnable waste	Small rechargeable batteries are hazardous waste. If the battery cannot be removed, dispose of the entire device as hazardous waste.
	Handheld sewing machines	Burnable waste	
	Handheld vacuum cleaners	Oversized waste	Small rechargeable batteries are hazardous waste. If the battery cannot be removed, dispose of the entire device as hazardous waste. Items that fit in the designated bag are burnable waste.
	Hanging scrolls	Burnable waste	If it does not fit in the designated bag, tie with string and dispose of as large burnable waste.
	Harmonicas	Burnable waste	
	Headphones	Burnable waste	
	Hearing aids	Burnable waste	
	Heat packs	Burnable waste	
	Heated tobacco products	Hazardous waste	
	Heater guards	Oversized waste	
	Heaters	Oversized waste	Remove the kerosene before disposal.
	Hedge shears	Oversized waste	Wrap the blades in paper or cloth to prevent injury. Small items are burnable waste.
	Helmets	Burnable waste	
<i>Hina</i> doll sets	Oversized waste	Items that fit in the designated bag are burnable waste.	
Hinges	Non-burnable waste	(Cans)	
Hoes	Oversized waste		

* Remove batteries from items before disposal.

Item		Category	Remarks	
H	Hole punches	Oversized waste	Small items are burnable waste.	
	Home medical waste	(Barrels)	Burnable waste	Empty the contents before disposal.
		(CAPD (peritoneal dialysis) bags)	Burnable waste	Empty the contents and place in a plastic bag before disposal.
		(Catheters, tubing)	Burnable waste	Drain the liquid before disposal.
		(Gauze, absorbent cotton)	Burnable waste	Place in a plastic bag before disposal.
		(Injection needles, IV needles)	Items not accepted	* Consult the hospital or medical provider that prescribed it.
		(IV bags)	Burnable waste	Empty the contents before disposal.
		(Pen-type self-injection needles)	Burnable waste	Place in a needle case, then put it in a container (e.g., milk carton or PET bottle) and close the lid.
		(Self-injection needles)	Burnable waste	Place in a needle case, then put it in a container (e.g., milk carton or PET bottle) and close the lid.
		(Stoma bags)	Burnable waste	Empty the contents and place in a plastic bag before disposal.
	Hose reels	(Metal)	Oversized waste	
		(Plastic)	Large burnable waste	
	Hoses	Burnable waste	Cut long items to 50 cm or less. If cutting is difficult, tie them to reduce bulk.	
	Hot plates	Oversized waste		
	Hot water bottles	Burnable waste	Metal items are oversized waste.	
Humidifiers	Oversized waste			
Hygrometers	Burnable waste	Mercury hygrometers are hazardous waste.		
I	Ice picks	Burnable waste	Wrap in paper or cloth to prevent injury.	
	Ice skates	Oversized waste		
	Incinerators (household use)	Oversized waste		
	Induction cooktops	Oversized waste		
	Inflatable boats	Oversized waste	Tie with string. Items that fit in the designated bag are burnable waste.	
	Injection needles, IV needles (home medical use)	Items not accepted	* Consult the hospital or medical provider that prescribed it.	
	Ink	Burnable waste	Soak into paper or cloth before disposal.	
	Ink cartridges	Burnable waste		
	Inkstones (<i>suzuri</i>)	Non-burnable waste	(Glass bottles and ceramics)	

* Remove batteries from items before disposal.

	Item	Category	Remarks
I	Insect cages	Burnable waste	
	Insect pins	Burnable waste	Wrap in paper or cloth to prevent injury.
	Insect repellents	Burnable waste	
	Insecticide (chemical)	Items not accepted	* Ask the retailer to take it back.
	Insecticide (fumigant)	Burnable waste	
	Insecticide (spray can)	Non-burnable waste	(Cans) * Use up the contents and puncture the can before disposal.
	Inserted advertisements, flyers	Recyclable waste	(Newspapers, flyers) Tie together with newspapers using string. Bundled separately, dispose of as magazines and mixed paper.
	Instant noodle cup containers	Burnable waste
